This is a print-friendly PDF generated from the DoCS Recruitment CD Rom.

Together with our partners in government, business and the community, we:

- assess the strengths and needs of families and communities
- develop and deliver a range of services to provide support and care to children and young people in NSW
- educate, support, inform and advise individuals and families about the importance of children growing up in a nurturing environment
- monitor, evaluate, research and analyse to improve policy and service development within the community services and child protection sectors
